

Telehealth & Remote Monitoring Consent

Patient Consent for Telehealth Services & Remote Patient Monitoring

PATIENT INFORMATION

Patient Full Name:

Date of Birth:

Address:

Phone:

Email:

WHAT IS TELEHEALTH?

Telehealth involves the use of electronic communications, including video conferencing, telephone, secure messaging, and remote monitoring devices to provide clinical health care services at a distance. Vitality Health At Your Door uses the TimeVitality.ai platform and other HIPAA-compliant technologies to deliver telehealth and remote patient monitoring (RPM) services.

CONSENT FOR TELEHEALTH SERVICES

By signing below, I acknowledge and agree to the following:

1. I consent to receive healthcare services via telehealth, including video visits, phone consultations, secure messaging, and remote patient monitoring.
2. I understand that telehealth is not a substitute for emergency care. In a medical emergency, I will call 911.
3. I understand that the same standard of care applies to telehealth as to in-person visits.
4. I understand that technical difficulties may occur and that an in-person visit may be necessary.
5. I consent to the use of remote monitoring devices (blood pressure cuff, glucometer, pulse oximeter, weight scale, etc.) and the transmission of my health data to my care team.
6. I understand my health data will be stored securely in compliance with HIPAA and applicable state and federal regulations.
7. I understand I may revoke this consent at any time by notifying the practice in writing.
8. I authorize Vitality Health At Your Door to share telehealth records with my other healthcare providers for continuity of care.

REMOTE PATIENT MONITORING (RPM)

If enrolled in RPM, I consent to the following devices and data collection:

- Blood Pressure Monitor
- Blood Glucose Monitor
- Pulse Oximeter (SpO2)
- Weight Scale
- Activity / Fall Detection Monitor
